

Insight Dataset License Agreement

This document comprises the agreement between the “insight for Wear” dataset owners and the licensee.

In this agreement the licensee is mandated to the following criteria:

1. You will not conduct any research that could harm the privacy of the dataset users and re-identify users of the dataset. You are solely responsible for any breaches that could happen with your research.
2. You will not distribute the dataset to any other individuals or institutions, for any reason outside of the described plan that has been sent via email to the owner of “insight for wear” dataset and for which they have already accepted it within the email.
3. Any scientific publication that includes this dataset or refers to this dataset should include a citation to this paper:
“Rawassizadeh, R., Tomitsch, M., Nourizadeh, M., Momeni, E., Peery, A., Ulanova, L., & Pazzani, M. (2015). Energy-Efficient Integration of Continuous Context Sensing and Prediction into Smartwatches. *Sensors*, 15(9), 22616-22645.”

Signing below indicates that the the dataset licensee has read, understands, and agrees with all the terms stated above.
